Adam,

Spoke with our ED, and like Tim, he suggested we meet with you guys first, as we're more familiar and educated on the project.

How does late morning or early afternoon work for you on Thursday, March 23rd to go over the draft maintenance agreement?

Let me know.

Thanks,
Aaron

Good morning Aaron

Attached is the latest version of the project schedule - can't recall

if I've already sent it but if not I apologize and here it is.

Additionally could you give me a call so that we may schedule a meeting to discuss the DOT/BID streetscape maintenance agreement? Thanks - I seem to have misplaced your number, but we are eager to get this scheduled ASAP

Thanks again.

Hi Aaron

We expect to have an updated schedule ready to distribute on Wednesday.

Hi guys,

When do you think we'll see an updated construction schedule on the project? My stakeholders and businesses have started to ask me.

Thanks,
Aaron

Good morning Aaron

According to our contract documents, the Figueroa Corridor BID is responsible for billing regarding some of the new irrigation systems being put in place as part of the My Fig Project.

Prior to the meters being installed, DWP is asking for a contact person and phone number of someone who they can contact with regard to setting up this account. Please let me know a name and number I can get to DWP so that we can move forward with setting up these accounts and get ourselves in the queue for meter installation.

Thanks - let me know if you have any questions. See Note 52 on the Figueroa St. plans for the specific contract notes on these.
